

THE MUSEUM OF INFAMOUS HEROISM RULES APPENDIX

This product requires the use of the Dungeons & Dragons, Third Edition Core Books, published by Wizards of the Coast Inc. This product utilizes updated material from the v3.5 revision.

This product requires the use of **Domains of Adventure: The Museum of Infamous Heroism**.

Area Details

Unless otherwise indicated, the walls and doors of the museum have the following statistics:

Doors: 2 in. thick; Break DC 25; AC 5; Hardness 5; 20 hp; Open Lock DC 35.

Windows: 3 in. thick; Break DC 20*; AC 5; Hardness 1; 9 hp; all windows sit nine feet above the ground and are made of a single pane not meant to be opened.

(*The Break DC reflects that all windows are protected by arcane lock spells.)

AREA 1: THE YARD

The podium base holds a +1 *dagger* as well as a *scroll of hold person*.

AREA 2: FOYER

The desk drawer is locked with a good lock (Open Lock DC 30).

AREA 3: MAIN EXHIBIT HALL

The skylight is locked with a superior lock (Open Lock DC 40) and magically warded (see below for statistics; even touching the skylight also triggers an alarm spell that mentally alerts Vorac's wizard ally who then contacts the curator).

Although some visitors fear fading of the artifacts from the sunlight, Vorac winks and assures them that each exhibit is magically protected from many natural effects (see the New Spell section below). Every exhibit in the museum is kept under a glass case which is locked onto the display base.

Locked Glass Exhibit Case: 3 in. thick; Break DC 10; AC 5; Hardness 1; 9 hp; Open Lock DC 30.

Skylight: Power Word Stun Trap CR 8; magic device; touch trigger; no reset; spell effect (*power word stun*, 13th-level wizard), Search DC 32; Disable Device DC 32.

AREA 6: STORAGE ROOM

Vorac wards the chest containing his “petty cash” every evening with a mental alarm spell. The chest's contents are left to the GM's discretion but should be anywhere between 7,000 and 14,000 gp in value ((d8 * 1,000) + 6,000) and include mostly gems of high value.

Treasure Chest: Break DC 23; AC 5; Hardness 5; 15 hp; Open Lock DC 40.

Italic description text of what the blade actually looks like.

The *seeker of history* is a sentient +3 *short sword* that seeks to record important historical events as they are occurring.

Three times per day as a standard action, the *seeker of history* can cast *cure moderate wounds* and *zone of truth*. At will as an immediate action, the *seeker of history* can *dimension door* itself and its wielder to a nearby historical event in the making.

The elves of the Rendath Forest were like any other of their kind-carefree, nature-venerating, magic-loving folk. But when their forest became the subject of a demonic invasion some five centuries ago, the elves were forced to retreat from their ancestral home. When the fiendish was seen as unavoidable, Rendath's eldest wizard-sage fashioned *Akron* to record the history that his people would miss after they fled the region. The intelligent short sword was given to a trusted human colleague before the Rendath elves fled their forest. None are sure why the demons wanted the area but the forest is still rife with abyssal taint. However, *Akron's* creator also crafted a special stone in which the knowledge the sword gained could be deposited and magically sent to the elves' new home (reportedly a remote, wild section of forest bordering the glacial north). That stone still sits within Rendath Forest and Vorac abides by the sword's wish to deposit its acquired knowledge once a year. Few folks are privy to the fact that this is why the curator closes the museum for a month in the winter. *Akron* possesses a dry wit (although it only speaks to the curator in private or around trusted allies) and fierce devotion to its wielder so long as that wielder actively pursues knowledge.

Akron, Seeker of History: AL NG; Int 16, Wis 16, Cha 19; speech, darkvision 60 ft, hearing; Ego 16, Knowledge (history) 10 ranks (+13)

Prerequisites: Craft Magical Arms and Armor; *legend lore.*

Cost to Create: 26,155 gp, 3680 XP, 93 days

ADVENTURE IDEAS:

There is also the possibility that one artifact is somehow connected to another, a connection Vorac tasks a group to uncover. When a trio of evil tieflings comes to pay homage to the Hound of Li'Xin, they are overheard mentioned the Rendath Forest. Could the demonic cult commanded by Li'Xin have been connected to the invaders who ousted the elves from that ancient forest? Might the trio be able to shed light on such a connection? Even if Vorac does not think to pursue the matter, Akron surely does. And it is getting close to the period when the short sword

desires a return to that stand of corrupted woods to report its historical compilation of the previous year. If the demonic presence can somehow be eliminated from the forest, perhaps the elves can return at last from their icy exile. It falls to the PCs to shake the first bits of information loose from the visiting tieflings.

NEW SPELL:

As mentioned above, all artifacts in the Museum of Infamous Heroism are protected by a permanent abjuration, presented here for your use.

Betray the Years

Abjuration

Level: Sor/Wiz 3

Components: V, S, M

Casting Time: Standard action

Range: Touch

Target: One nonmagical object of no more than 10 lbs./level

Duration: Permanent

Saving Throw: None

Spell Resistance: No

You make one object immune to the effects of time. Wood doesn't rot, paper doesn't yellow, water doesn't evaporate, and so on. This spell does not protect against forces other than time. So, for example, a rock can still be worn down by the erosion of running water.

Material Component: A tiny hourglass-shaped piece of blue quartz, worth 10 gp.
